

Some QUESTIONS to ask yourself before beginning

- What type of bathroom is this?
Cloakroom, ensuite, main bathroom?
- How do you want the space to feel?
- Have you established a realistic budget?
And prioritised where to spend/save?
- Mobility - who will be using it? children, elderly, disabled
- Future proofing - have you considered future uses
and ageing in place?
- What is the current plumbing layout, if any?
- Water system - is your water supply pumped?
- Is there a window in the room?
- What is the timeframe for this project?

Notes

Bathroom Checklist - plans and items needed

Notes

So, Let's get planning!

Before you select your bathroom products, you need to figure out how you are going to use your space. What is the largest shower I can fit? SONAS Specification Service
Do I have space for a bath? What is the smallest cloakroom unit?

1. To start, measure your bathroom marking out the position of doors, windows and all fixtures.
2. Use this Product Size Guide to decide what size bathroom products will work best in your space.
3. Draw out your selected products on the Bathroom Planner leaving enough space between the products.
4. Create your Bathroom Wishlist to request a quote from our SONAS Advisors.
5. Visit your local SONAS Retailer to order your new bathroom.
